**Pointe Shoes**

**Pink Pancaking**

- Pink Pointe shoes should be “pancaked” using **Rite-Aid brand Calamine lotion**. Dab it on with a cotton ball or make-up sponge, they will need time to dry. Don’t make them too wet. You do not need to “pancake” ribbons and elastic.

**White Pancaking**

- Pink Pointe shoes, use **Kiwi Shoe Whitener**. This comes in a liquid and bottle has a sponge applicator tip. If wearing pink tights, ribbons and elastic do not need to be whitened.

**Nude**

- Either purchase pointe shoes in Nude for your skin tone or use liquid foundation and dab on with a cotton ball or make-up sponge.
- Pink Pointe shoes, use **Kiwi Shoe Whitener**. This comes in a liquid and bottle has a sponge applicator tip. If wearing pink tights, ribbons and elastic do not need to be whitened.
